FREE COAL FOR THE WHITNEY SYNDI- THE LITTLE CHURCH AROUND THE CORNER CATE: HIGH DUTIES FOR HAVEMEYERS.

HOW THE PRESIDENT'S LETTER SUGGESTS A NEW "DEAL"-COMMENT ON THE WASHINGTON

FOSTERED-INDIGNANT

The deadlock in Congress on the Gorman Tariff bill stiffed speculation yesterday except in American Sugar Trust had the audacity to renew their tactics and at the Stock Exchange the price of the com-mon shares recovered the full loss of Friday. "Bull tips" again were freely distributed and the gambling ent of Wall Street was promised a vigoro pinning of the roulette wheel this week. But the stock market is dead, under the pall of unertainty flung over the situation, and values for ome time, if they move at all, will be swayed by he whispers of compromise or contest according as

unfortunate effect of President Cleveland's par-(leipation in the tariff fight. Further analysis of the Congressman Wilson is raising considerconviction cannot be avoided that the real pur wift to the Havemever trust embodied in quired immense fortunes through the Have Administration as upon the Democratic leaders of the Senate. The position of Senator Hill and of President is in sharp contrast. The former holds Sugar abomination. Men who are loth to accept this theory, so discreditable to the Chief Executive. Senators in defence of the German Tariff mon-

that the article which Mr. Cleveland so strenuously | the nsists should be put on the free list is the Very one in which ex-Secretary Whitney, his brother be remembered that Mr. Whitney did not ask any den case. It is now clear where Mr. Whitney Nova Scotia mining syndicate to flood the Eastern American producer, Immense sums of money would consequence flow into the pockets of the Whitys and their friends. Free coal, therefore, becomes one of the cardinal features of the Wilson ill, made up under the oversight of the Administration. Free coal is the ultimatum given by the

the little game of money-making by politics which the President, in his letter to Congressman Wilson, lends all his influence to. Its successful consummation apparently involves the fostering of an American monopoly that has contributed more to demoralize legislation than any other combination of capital ever expected to do. A coal trust in Nova Scotia, an iron trust in Cuba and a sugar trust in the United States join hands to mulct the American people "in the sarred name of tarlft reform."

It is beginning to be hoped downtown that the exposures of Senatorial speculation in Sugar may yet break the power of the trust upon the Sanate and the Administration. If public sentiment should be aroused sufficiently it is thought that the guity speculators, dreading exposure, may break their bargain with the Havemeyers and abandon the scheme to rob the people for the enrichment of the Trust beyond the dreams of avarice. The hope is not as strong as it ought to be, for the President's letter has aroused the fear that, back of all pretences of virtue and high-mindedness, the collar of the Sugar boodlers may rest on the Administration. The audacity and heartlessness of the managers of the Sugar Trust are shown in their schemes on the tariff and their treatment of their laborers in the Williamsburg refineries. Some brokers commented upon an item in the morning papers telling of the prostration of twenty-five men in the refineries by the heat on Friday. The men work in tremendous heat, and the weather conditions now make the labor doubly severe. It is recalled that a year ago when the men at some of the refineries asked for extra allowances for work performed in scorching summer weather they were refused with the remark that there were plenty of men to take their places. Yet this cruel and unfeeling policy is pursued by a combination which has issued stock to the amount of \$70,00,000 on property valued at \$12,000,000 to \$15,000,000, which paid last year 7 per cent on the preferred and 22 per cent on the common stock. The regu

LIVING PICTURES AND MUSIC AT ELDORADO.

In addition to the many attractions at Eldorado this afternoon and evening there will be a balloon race for a gold medal between Professor Lestrange of Pittsburg, and the famous aeronaut, Maud De Haven, of Washington. They will start at 5 o'clock in separate balloons, and after ascending to the height of 5,000 feet will drop to the ground by means of a parachute, the first one reaching there to re-

The usual Sunday afterpoon and evening concerts will be given to-day by Victor Herbert and th 224 Regiment Band, and will include selections from the masterpleces of Strauss, Waldtenfel, Verdi, Mascagni, Aronson, Leoncavallo and Herbert. The

Mascagni, Aronson, Leoncavallo and Herbert. The soloists will be Miss Marguerite Morrow, in Shubert's "Serenade," and the ballad, "Last Night," and Carl Schachner, barytone, will be heard in selections from "Trovatore" and in an aria from "Un Ballo in Maschero."

This evening, in the Amphitheatre, there will be the usual Sunday entertainment. In addition to Severus Schaffer, the well-known juggler, the Black Crook French quadrille dancers and the Arabs, will be given the living pictures which have excited so much interest. Nothing of the kind more elaborate has been seen than these tableaus. There are only four, but there are more than twenty-five figures posing in each picture.

Beginning to-morrow evening the Zamora family of Mexicans will make their first appearance in their original act, "El Tripple Trapezo," which has been the talk of two continents. The apparatus used by these artists is entirely different from any other now in use in America or Europe.

In the olio will be seen the four Goldsmith sisters, who, in addition to their French quadrille dance, will be seen in the Egyptian serpentine dance; Massus and Abbacco, the Arabian acrobats; Severus Schaffer, the juggler, and the two grand ballets, "Cosmopolitan" and "Fairy Clouds Beyond the Stars," in which there are 200 coryphees.

NOT TIFFANY & CO.'S SAFE.

R. M. Hyde, head salesman for Tiffany & Co. said yesterday to a Tribune reporter, relative to the Philadelphia dispatch which said that a rifled safe, evidently belonging to Tiffany & Co., of New-York, had been discovered in a ditch at Stock-

There is no truth whatever in the story that we have lost any safe containing jewelry. We do not ship goods in that way. The only time we have shipped safes filled with goods for years was during the World's Fair, when we sent our exhibits to Chicago. It is possible that some of our jewelry cases

A GENEROUS GIFT TO DR. HOUGHTON'S FAMOUS AND FLOURISHING PARISH-THE CHURCH OF THE TRANSFIGURATION TO

BE ENLARGED. The Church of the Transfiguration, or, a affectionately called, "The Little Church Around the Corner," in East Twenty-ninth-st., near Fifthave., and of which the Rev. Dr. George H. Houghton has been rector continuously for forty-five gift from one of its parishioners, which will add much to its beauty and usefulness. On Thursday the title to the property at No. 11 East Twentyninth-st. passed from Fannie K. Ross and other joint owners to the rector, wardens and vestrymer of Dr. Houghton's church. Nearly a year ago it was known that the church would like to obtain the property, and the price was put up by its owners accordingly. The consideration was \$70,000. which was probably \$15,000 more than it would sell for at auction.

To a Tribune reporter who called upon him yesterday Dr. Houghton said: "The giver of the house is a lady, a member of my congregation. The gift was made last year, virtually, but we have been several months in consummating the purchase from the owners. I cannot divulge the name of the lady at present. When the improve ments are completed a memorial tablet bearing the

The necessary alterations will be designed Frank Withers. The added room will let chancel be extended twenty-five feet, taking in the yard of No. 11. The choir, it is expected, will be moved to one side of the chancel. A choirroom will also be added for the training of boys, and No. 11 will be made the parish-house, devoted to school and church purposes. The inmates of the Pacific Place parish-house will be removed to

"The Little Church Around the Corner" is one of the visiting spots for tourists in New-York. Its walls are beautifully decorated with Biblical scenes, and few sacred edifices have so many fine stained glass windows. Its material and spiritual prosperity has grown with the city. Dr. Houghton's Christianity has been above sectarianism, and the distressed, the dying and all who have been in

The Church of the Transfiguration cam called "The Little Church Around the Corner through the following incident: An actor name: Holland, an Episcopalian and a man of ability, died at a house near Twenty-minth-st, and Broadway His friends, who applied to a neighboring church to have the burial service performed, were refused because Holland was an actor. They asked where the burial service could be conducted, and received the reply?

"Oh, there's a little church around the corner where the burial service.

oh, there's a little church are they do such things."
Then, "said one of Heliand's friends, "God bless a little church around the corner."
From that day to this the members of the drastic profession have had a warm soot in their arrs for Dr. Houghton's quaint church.
Forever, years and six persons founded the

aid society, two Sunday-schools, and a school for teaching children to sew. The changes in the church will be begun without delay, and finished in a few months.

WILL BE A GOOD REPUBLICAN STATE.

of power in ten Western States and Territories, Utah will elect two Republican United States Senators and a Republican Representative. As a member of the committee, I was very anxious that Utah should have early representation in Congress, but the Democratic managers in Washington would not agree that Utah should come into the Union until It was provided in the bill that the Senators and Representative should not take their seats until 185-the beginning of the LiVth Congress, Republican Senators were obliged to accept this condition.

"It may be interesting to say that the Mormons are Republicans because they are protectionists.
